

ANALYZING WORKPLACE INJURIES

Administrative and Support and Waste Management and Remediation Services Industry

To reduce workplace injuries and fatalities, we must understand when, why and how they happen. Having this data on hand will allow businesses in hazardous industries to target problem areas and initiate solutions to reduce workplace accidents.

The Administrative and Support and Waste Management and Remediation Services (ASWMRS) sector is comprised of establishments performing support activities for the day-to-day operations of other organizations. The establishments in this sector specialize in one or more support activities and provide services to clients in a variety of industries and, in some cases, to households. Activities performed include: office administration, hiring and placing of personnel, document preparation and similar clerical services, solicitation, collection, security and surveillance services, cleaning, and waste disposal services.
